The Two Key Clinical Aspects of the Care of the Aged Clients (24 CPD Hours)

The Presenter:

Sue Walker

SUE WALKER

R.N., BACH NURSING (ADMIN), M.P.H.C. (PALLIATIVE CARE), MACN

Sue Walker is a Director and co-founder of the Nurses for Nurses Network and the Nursing CPD Institute. As a Nurse Education Consultant Sue is a member of the Education Governance Committee of the Institute as well as a key contributor to the online education platform Continuing Professional Development library.

As a Registered Nurse Sue holds Degrees in Nursing and Health Administration, a Master's Degree in Primary Health Care majoring in Palliative Care, as well as a number of certificate courses in Psychiatry of Ageing, Gerontology, Chemotherapy Administration, Training and Assessment, and is also an Accredited Mental Health First Aid Trainer.

Sue has extensive experience both as a clinician, educator, and senior manager in the acute, aged care, community, and palliative care settings. Sue is passionate about making a difference to the way in which people experience the health care system.

"Healthcare should be delivered by competent, knowledgeable individuals to ensure the best possible experience for the recipient of that care. Nursing is a fabulous profession – the backbone of the healthcare system, it is the knowledge and skill of the individual Nurse that will have the greatest influence on the happiness and health outcomes of each and every client."

Sue looks forward to sharing not only her many years of clinical experience but also to facilitating opportunities for attendees to share experiences and challenges with each other. There will be lots of fun to be had within the learning environment. Get ready to sail the high seas with us!
