## The Presenter:

Anne Evans-Murray

### ANNE EVANS-MURRAY

Anne has a passion for teaching which she does in an unpretentious way that ensures you will not only understand and retain what she presents but will enjoy this learning experience. She has extensive experience of over 26 years lecturing for Gold Coast Health District and Griffith University.

Currently, she is a guest lecturer at Bond University medical school. Anne is a frequent presenter at workshops, conferences & seminars throughout Australia & New Zealand on subjects such as high dependency nursing, cardiac arrhythmias & ECG interpretation, chest x-rays interpretation, clinical assessment of the deteriorating patient, assertion training and leadership. She conducts accredited advanced life support training for nurses, doctors and paramedics.

Anne has a passionate commitment to empower all clinical staff through increased awareness and knowledge of the critically ill patient's condition so that timely intervention is implemented, which will benefit patient outcomes.

She is the author of three books; "ECGs Simply", "Interpretation of Chest X-rays Simply" and 'Uncomplicating Life, Simply'. Her ECG book is a textbook sold in many universities in Australia.

***Anne looks forward to sharing not only her many years of clinical experience but also to facilitating opportunities for attendees to share experiences and challenges with each other. There will be lots of fun to be had within the learning environment. Get ready to sail the high seas with us!***
