

What's New in Perioperative Nursing Practice?

22 Feb - 04 Mar 2028 | 24 CPD Hrs

CRUISING FROM HONG KONG TO JAPAN

10 PORTS OF CALL

NURSES FOR NURSES

EDUCATION *at* SEA

WHAT THIS CONFERENCE IS ABOUT

Perioperative nursing is a fabulous career; however, it can be very challenging when dealing with long hours, 'production pressure' and ongoing demands to keep up with learnings about new procedures and technologies. All these stressors can see the passion in our hearts for nursing diminish which is most undesirable for not just ourselves, but our patients. Combining education with cruising is the most fabulous way to, not just learn and gain your yearly CPD points, but to recharge your emotional batteries and come away with your 'passion' for nursing' reignited!

Perioperative nursing is not always taught in the undergraduate curricula; thus, the importance of post-registration education in this specialty cannot be overestimated. It will also provide valuable learning for surgical ward nurses (or any nurses who care for surgical patients) who want to have a better understanding of the surgical process to enhance their nursing care.

Suitable for both novice and experienced nurses, this conference will strengthen understanding of perioperative care, enhance clinical awareness and reinforce the critical role perioperative nurses play in safeguarding patients during surgery.

Learning will cover anaesthesia, intraoperative care, and Post Anaesthetic Care Unit (PACU) nursing topics. Whilst you may work in one specific area, it is vital to understand all facets of the perioperative patient journey as each phase impacts on the others. Please attend all sessions to ensure a full learning experience. You will come away educated and empowered and realise that perioperative nurses are really the most unique and talented speciality, who can make a HUGE difference to our patient care if we really try.

LEARNING OUTCOMES

At this Conference, participants will:

- Depart feeling educated, empowered and with a rejuvenated passion for perioperative nursing
- Have greater understanding of modern perioperative care and perioperative nursing practice
- Learn about new treatment and management in anaesthesia, intraoperative care, and Post Anaesthetic Care Unit (PACU)
- Enjoy learning via a case study approach to highlight real learning from the coroner and clinical practice

YOU WILL ALSO LEARN

- Current advances in anaesthesia, surgery and perioperative practice.
- The impact of obesity, bariatric surgery and GLP-1 medications on perioperative care.
- Modern fasting guidelines, including the "Sip til Send" approach and aspiration risk.
- Lessons from real coronial case studies involving airway emergencies, PACU care and air embolism.
- New developments in robotic surgery and the management of robotic surgical emergencies.
- The principles of surgical conscience and their importance in maintaining patient safety.
- Best practice in Post Anaesthesia Care Unit (PACU) assessment, monitoring and management.
- How to apply Australian and New Zealand College of Anaesthetists Guideline PS04 to everyday PACU practice.
- ECG interpretation and recognition of common postoperative cardiac complications in PACU.
- Ethical decision-making, informed consent and strategies for speaking up to improve patient safety.
- The causes and impact of workplace incivility, compassion fatigue and quiet quitting, with practical strategies to support wellbeing and professional resilience.

"The lectures given by Paula Foran were excellent - very informative and delightfully presented. Paula is clearly very passionate about patient care and has written a multitude of papers on perioperative nursing." - Renae

DETAILED ITINERARY

Day 1: 22/02/2028 | Depart Hong Kong, China

Neon signs galore, dim sum, and amazing temples are a few of the favourite experiences in Hong Kong. Take in as much as you can of this thrilling city with its endless shopping and towering skyscrapers. Your agenda for Hong Kong should include Victoria Peak, an Aberdeen Fishing Village, the Man Mo Temple and Sheung Wan Dried Food and Herbal Market. Be certain to have extra room in your suitcase for the bargains you are bound to discover.

Your ship departs promptly at 5:30 pm, so we recommend arriving at least 2-3 hours early to smoothly navigate check-in and boarding. All ship amenities are open and ready, so kickstart your vacation with a refreshing drink or a delicious snack.

1600: We set Sail
Make sure you are on deck to say bon voyage.

1700 – 1800: Conference Registration and Welcome Function (guests are welcome)
Enjoy this opportunity to mingle with the other attendees at the complimentary drinks and Conference Registration function.

All delegates are required to attend the Conference registration session to collect their Conference pack and confirm registration details to ensure the correct issuing of their CPD certificate.

Day 2: 23/02/2028 | Conference Day | Kaohsiung, Taiwan | 1100 – 1900

0800 – 0900: What is new in Anaesthesia?
This session will discuss traditional and newer forms of modern anaesthesia.

0900 – 1000: Case History in Airway Emergency
Fabulous learning can occur from looking back at past events. This case history will help increase your procedural knowledge in difficult airway management.

1000 – 1100: Obesity and its Impact on Surgical Care: Weight Loss Medications, GLP-1 **Receptor Agonists and 'Sip til Send' Implications**

'Sip til send' Implications
This presentation will look at obesity, causes, bariatric surgery and weight loss medications that delay gastric emptying, e.g. glucagon-like peptide (GLP-1) receptor agonists, and their implications in modern fasting regimes.

Obesity and its Impact on Surgical Care
This session explores obesity, its impact on surgical care, bariatric surgery, and the growing use of GLP-1 receptor agonists that delay gastric emptying. Learn how these factors influence modern fasting practices, including the "Sip til Send" approach, and the implications for safe perioperative care.

1100 – 1900: Kaohsiung, Taiwan | Explore at your Leisure

Discover the vibrant port city of Kaohsiung, where traditional Taiwanese culture meets modern waterfront attractions. Located on Taiwan's southern coast, Kaohsiung offers a fascinating mix of colourful temples, bustling markets, beautiful parks and impressive architecture.

Take a stroll along the scenic Love River, explore the creative spaces of the Pier-2 Art Centre or sample delicious local street food at one of the city's famous night markets.

With its welcoming atmosphere, rich cultural heritage and tropical charm, Kaohsiung is a wonderful destination to explore during your cruise.

Day 2 Continued:

Online Library Self-directed Activities
The online library is provided to attendees one week before the sail date and two weeks after the conference has finished. Attendees can complete the sessions at any time during that period.

Anaesthesia – Not one size fits all
It is still referred to as the 'art and science' of Anaesthesia, so not a one size fits all treatment. Learn more about this at this session.

Fasting Guidelines
Read the provided scholarly literature on current perioperative fasting guidelines and compare the recommendations with those used in your own hospital or healthcare facility. Reflect on any differences and consider the implications for patient safety and clinical practice.

Airway Management
Read the provided scholarly literature on current airway management algorithms and compare the recommendations with those used in your own hospital or healthcare facility. Reflect on any differences and consider the implications for patient safety, clinical decision-making and airway management practices.

Day 3: 24/02/2028 | Taipei (Keelung), Taiwan | 0900 – 1830

Explore at your Leisure
Discover the vibrant port city of Kaohsiung, where traditional Taiwanese culture meets modern waterfront attractions. Located on Taiwan's southern coast, Kaohsiung offers a fascinating mix of colourful temples, bustling markets, beautiful parks and impressive architecture.

Take a stroll along the scenic Love River, explore the creative spaces of the Pier-2 Art Centre or sample delicious local street food at one of the city's famous night markets. With its welcoming atmosphere, rich cultural heritage and tropical charm, Kaohsiung is a wonderful destination to explore during your cruise.

1800 – 1900: Networking Session
Join us at the designated meeting spot to catch up and discuss the events of the day. Networking in this relaxed environment with nurses from all over Australia and from your own speciality is a great addition to your learning. The conference Facilitators and Presenter will be at the venue to answer any of your queries.

Day 4: 25/02/2028 | Miyakojima (Okinawa), Japan | 0900 – 1800

Explore at your Leisure
Discover the tropical beauty of Miyakojima, a stunning island paradise in Japan's Okinawa region. Famous for its crystal-clear turquoise waters, pristine white sandy beaches and relaxed island atmosphere, Miyakojima offers a refreshing escape from Japan's bustling cities.

Explore picturesque coastal landscapes, admire the spectacular views from Cape Higashi-Hennazaki or discover the island's unique Ryukyuan culture and traditions. Whether you choose to relax by the sea, browse local shops or sample delicious Okinawan cuisine, Miyakojima promises a memorable taste of Japan's tropical charm.

Online Library Self-directed Activities
The online library is provided to attendees one week before the sail date and two weeks after the conference has finished. Attendees can complete the sessions at any time during that period.

Robotic Surgery and Emergency Management
In preparation for tomorrow's sessions, complete the provided pre-reading on robotic surgery and the management of emergencies during robotic surgical procedures. Consider the unique challenges associated with robotic surgery and their implications for patient safety and clinical practice.

Day 4 Continued:

New Surgical Techniques
In preparation for tomorrow's session, explore a selection of online resources introducing new and evolving surgical techniques. This self-directed learning activity provides background knowledge to enhance your understanding of advances in surgical practice and their impact on perioperative patient care.

1800 – 1900: Networking Session
Join us at the designated meeting spot to catch up and discuss the events of the day. Networking in this relaxed environment with nurses from all over Australia and from your own speciality is a great addition to your learning. The conference Facilitators and Presenter will be at the venue to answer any of your queries.

Day 5: 26/02/2028 | Conference Day

0800 – 0900: **What's new in surgery?**
The session looks at updates on surgery over the past few years.

0900 – 1000: Surgical Conscience
It is hard to believe that many perioperative nurses working do not know what surgical conscience is or believe it to be a new concept! This session will reveal all!

1000 – 1030: Break

1030 – 1130: Coronial Case History: See Blood, Think Air!
Learn about the real risks of an air embolism!

1130 – 1230: **What's new in Robotic Surgery? Emergencies in Robotic** Surgery
Update your knowledge on all things 'robotic'!

1230 – 1400: Break

1400 – 1500: **What's new in PACU?**
What's new in PACU care? In this session we will look at new care and management in PACU.

1500 – 1600: Safety in the PACU – how well do you comply with PS04?
Many nurses who work in PACU do not fully understand the guidelines set down by ANZCA. This session will enlighten you!

1600 – 1700: PACU Coronial Cases
Fabulous learning can occur from looking back at past events. This case history will help increase your procedural knowledge when caring for patients in PACU.

1800 – 1900: Networking Session
Join us at the designated meeting spot to catch up and discuss the events of the day. Networking in this relaxed environment with nurses from all over Australia and from your own speciality is a great addition to your learning. The conference Facilitators and Presenter will be at the venue to answer any of your queries.

Day 6: 27/02/2028 | Sasebo, Japan | 0700 – 1800

Explore at your Leisure
Discover the coastal charm of Sasebo, a picturesque port city in Japan's Nagasaki Prefecture, known for its beautiful island scenery, fascinating history and unique blend of Japanese and Western influences. Wander through local shopping streets, sample the famous Sasebo Burger or discover the city's maritime heritage. With its relaxed atmosphere, stunning natural landscapes and welcoming culture, Sasebo offers a delightful glimpse into a lesser-known side of Japan.

1800 – 1900: Networking Session
Join us at the designated meeting spot to catch up and discuss the events of the day. Networking in this relaxed environment with nurses from all over Australia and from your own speciality is a great addition to your learning. The conference Facilitators and Presenter will be at the venue to answer any of your queries.

Day 7: 28/02/2028 | Hakata (Fukuoka), Japan and Kanmon Strait | 0700 – 1700

Explore at your Leisure

Discover the vibrant city of Fukuoka, located on Japan's southern island of Kyushu, where rich history, modern attractions and delicious cuisine come together. Arriving in the port of Hakata, explore beautiful temples and shrines, wander through bustling shopping districts or sample the city's famous Hakata ramen at a traditional street food stall. Visit the historic Kushida Shrine or enjoy the peaceful surroundings of Ohori Park before returning to the ship.

The day also features a scenic passage through the Kanmon Strait, the narrow waterway separating Japan's islands of Honshu and Kyushu. Enjoy views of the surrounding coastline, impressive bridges and passing vessels as the ship navigates this historic and busy maritime route.

1800 – 1900: Networking Session

Join us at the designated meeting spot to catch up and discuss the events of the day. Networking in this relaxed environment with nurses from all over Australia and from your own speciality is a great addition to your learning. The conference Facilitators and Presenter will be at the venue to answer any of your queries.

Day 8: 29/02/2028 | Hiroshima, Japan | 0900 – 1800

Explore at your Leisure

Discover the remarkable city of Hiroshima, a destination known for its moving history, beautiful gardens and enduring message of peace. Visit the Hiroshima Peace Memorial Park and Museum, where the events of 1945 are remembered through powerful exhibits and memorials, or explore the beautifully landscaped Shukkeien Garden. Take a trip to nearby Miyajima Island, famous for its iconic floating torii gate and the historic Itsukushima Shrine. Wander through lively shopping streets, sample Hiroshima's famous okonomiyaki or simply enjoy the city's welcoming atmosphere. With its fascinating cultural heritage, scenic surroundings and inspiring story of resilience, Hiroshima offers a memorable and meaningful experience during your cruise.

Online Library Self-directed Activities

ANZCA Guideline PS04

Post learning scholarly reading on the ANZCA guideline PS04. Reflect on how well this is adhered to in your PACU. Extend your learning by reviewing the Australian and New Zealand College of Anaesthetists Guideline PS04. Reflect on how closely the recommendations align with practice in your own PACU and identify opportunities to enhance patient safety and perioperative care.

ECG Use in PACU

Post learning scholarly reading on ECG uses in PACU. Consolidate your learning by reviewing current evidence on the use of electrocardiography (ECG) in the Post Anaesthesia Care Unit (PACU). This self-directed scholarly reading explores the role of ECG monitoring in the early recognition of cardiac complications, interpretation of common rhythm disturbances, and the delivery of safe, evidence-based postoperative care.

Respiratory Assessment and Complications

Update your knowledge on respiratory management in the PACU.

1800 – 1900: Networking Session

Join us at the designated meeting spot to catch up and discuss the events of the day. Networking in this relaxed environment with nurses from all over Australia and from your own speciality is a great addition to your learning. The conference Facilitators and Presenter will be at the venue to answer any of your queries.

Day 9: 01/03/2028 | Kochi, Japan | 0800 – 1700

Explore at your Leisure

Discover the natural beauty and rich cultural heritage of Kochi, a charming coastal city on Japan's island of Shikoku. Known for its magnificent mountain scenery, historic landmarks and relaxed atmosphere, Kochi offers a wonderful glimpse into traditional Japanese life.

Explore the beautifully preserved Kochi Castle, wander through the colourful stalls of Hirome Market or visit the picturesque Katsurahama Beach, famous for its sweeping coastal views. Sample local specialities, including the region's renowned seared bonito, known as *katsuo no tataki*. With its fascinating history, welcoming locals and beautiful landscapes, Kochi is a delightful destination to explore during your cruise.

1800 – 1900: Networking Session
Join us at the designated meeting spot to catch up and discuss the events of the day. Networking in this relaxed environment with nurses from all over Australia and from your own speciality is a great addition to your learning. The conference Facilitators and Presenter will be at the venue to answer any of your queries.

Day 10: 02/03/2028 | Kyoto (Osaka), Japan | 0630 – 1800

Explore at your Leisure
Experience the fascinating contrast between Japan's ancient traditions and modern city life with a visit to Kyoto and Osaka. From the bustling port city of Osaka, discover Kyoto's magnificent temples, peaceful gardens and historic streets, where centuries of Japanese culture have been beautifully preserved. Explore the famous Fushimi Inari Shrine with its thousands of red torii gates, admire the stunning Golden Pavilion or wander through the traditional streets of Gion. Alternatively, spend time in Osaka, renowned for its impressive castle, vibrant shopping districts and delicious street food. Whether you're drawn to Kyoto's timeless beauty or Osaka's lively atmosphere, this destination offers a memorable taste of Japan's rich history and culture.

Online Library Self-directed Activities

Compassion Fatigue and Quiet Quitting
Prepare for tomorrow's session by exploring the concepts of compassion fatigue and quiet quitting in healthcare. This self-directed online learning activity examines the factors that contribute to emotional exhaustion, disengagement and workplace wellbeing, providing valuable background knowledge to support discussion and reflection during the session.

Ethical Issues in Nursing
Prepare for tomorrow's session by exploring contemporary ethical issues in nursing practice. This self-directed online learning activity examines common ethical challenges, professional responsibilities and decision-making frameworks to support safe, compassionate and patient-centred care.

1800 – 1900: Networking Session
Join us at the designated meeting spot to catch up and discuss the events of the day. Networking in this relaxed environment with nurses from all over Australia and from your own speciality is a great addition to your learning. The conference Facilitators and Presenter will be at the venue to answer any of your queries.

Day 11: 03/03/2028 | Conference Day | Mount Fuji (Shimizu), Japan | 1100 – 1800

0800 – 0900: Ethics in Healthcare: **Consent and 'Speaking up for Safety'**
This session will look at the ethical framework of do no harm and the expectation that clinicians speak up to ensure patient safety. However, there are many reasons this does not occur through lack of assertiveness skills to an organisational culture that prevents escalation of concerns.

0900 – 1000: Incivility in Healthcare
The concept of incivility in healthcare refers to rude or disrespectful behaviour that can disrupt the working environment, impact teamwork, and ultimately affect patient care. Incivility can occur between healthcare professionals, such as doctors, nurses, and support staff, as well as between healthcare workers and patients or their families. We will explore the Forms of Incivility, causes, Impact, and strategies to address incivility in the workplace.

1000 – 1030: Compassion Fatigue and Quiet Quitting
Discussion will surround the difference of both compassion fatigue and quiet quitting and the sad erosion this has on us and nursing as a whole.

Day 11 Continued:

1030 – 1100: Bringing it all Together
Our final session will bring together all of our learnings from the past two weeks. There will be ample time for reflection, discussion, and questions.

1100 – 1800: Mount Fuji | Explore at your Leisure

Discover the breathtaking scenery of Shimizu, a picturesque port city offering spectacular views of Japan's most iconic landmark, Mount Fuji. Set against the beautiful coastline of Suruga Bay, Shimizu is known for its stunning natural landscapes, rich cultural heritage and delicious local seafood. Visit the scenic Miho no Matsubara pine grove, where Mount Fuji provides a magnificent backdrop on clear days, or explore the historic Kunozan Toshogu Shrine. Wander through local markets, sample freshly caught seafood or simply enjoy the peaceful coastal surroundings. With its blend of natural beauty, traditional culture and unforgettable scenery, Shimizu offers a wonderful opportunity to experience the charm of Japan beneath the majestic Mount Fuji.

1700 – 1800: Farewell Function (guests are welcome)
Join us for a Conference farewell drinks function to celebrate our time together. Conference photo will be taken (via iPhone!) if you are interested during this event.

Day 12: 04/03/2028 | Arrive Tokyo (Yokohama), Japan

0800: Disembark – safe travels!

OUR PRESENTER

Dr Paula Foran, PhD., R.N., FACORN, FACPAN

Dr Paula Foran is an Associate Editor for the Journal of Perioperative Nursing. She comes from a perianaesthesia nursing background and has many publications to her credit including published nursing articles, several book chapters and is an editor of the new salient Australian Perioperative textbook, 'Perioperative Nursing- an Introduction'.

Paula has been a guest speaker and presented keynote presentations at national & international conferences. She has been awarded the 'Most Popular Presenter' for her keynote address at the International Collaboration of Perianaesthesia Nurses, and Best Oral Paper award at the European Operating Room Nurses conference in The Hague.

Paula completed her research PhD in 2012 and was the Master of Clinical Nursing Coordinator with the University of Tasmania, prior to her step back to casual university work. This allows Paula to present nationally and internationally, including on cruise ships, and in her spare time, she is a registered Marriage Celebrant and Master of Ceremonies (MC)!

OUR CONVENOR

Jason Dawson, RN, BN

Jason is from the Gold Coast, Queensland. Whilst studying for his Bachelor of Nursing at Southern Cross University, he developed an interest in mental health and has worked in this field of nursing for many years since completing his studies in 2008. During this time, Jason has undertaken varied roles, including Acute Inpatient Nursing, Community Nursing, clinical facilitating and Nurse Unit Manager positions.

In 2012, Jason combined his passion for nursing with his love of travel and founded CPD Cruise Pty Ltd with the view to providing Nurses, Midwives, Allied Health Professionals and Teachers /Educators the opportunity to update and improve their skills in diverse and unique locations.

REGISTRATION COSTS

Contact the Team at Education at Sea for a personalised quote.

General Registration: $1390.00 (NB: Registration cost doesn't include travel, accommodation, or travel insurance.)

Non-practising Nurse: $290.00

We've realised that many past customers still want to travel with us. We have created a customer classification called Non-Practising Nurse.

It's for Retired Nurses who want to travel with our group but no longer need CPD hours. They like to travel with like-minded people, people who get them because they have had similar experiences, and there is a shared connection that creates friendships quickly. Also, travelling as part of a group provides an extra level of support and safety.

The non-practicing registration is only available for our cruise conferences, as the study tours are all-inclusive.

INCLUSIONS

General registration includes:

- A comprehensive conference program based on current best practice and meets the same exacting standards as anything offered in an Australian land-based program
- Access to experienced presenters eager to share their skills, knowledge, and passion with attendees
- Welcome function with drinks (travelling companions welcome)
- Farewell function with drinks (travelling companions welcome)
- Conference pack including a bag, pen, and lanyard (plus lanyards for guests) (this is important on a cruise ship to attach your room key, which becomes your lifeline on a ship) and additional information to support a fantastic conference experience
- Access to an online conference library with educational content, allowing you to complete pre-conference learning activities and tailor your own learning experience
- A conference transcript outlining each session, including session synopses and presenter details
- The opportunity to meet as a group in various conference open forums, in one of the many fabulous locations on the ship
- A Certificate of Completion for you to include in your CPD Portfolio

Non-practising nurse registration includes:

- Inclusion in the Education at Sea / Nurses for Nurses travel group
- Welcome drinks on the first night at the registration function for you and your travelling companion
- Conference pack including a bag, pen, and lanyard (plus lanyards for guests)
- Access to any networking events held onboard
- Opportunity to book shore tours, including hospital visits
- Ability to attend a maximum of five conference sessions that pique your interest – you may not need CPD points, but you could still be interested in various health related topics
- Farewell function on the final night for you and your travelling companion
- Subscription to newsletters to stay informed about future travel events

VENUE

Norwegian Jade
The Norwegian Jade offers a relaxed and welcoming cruising experience, with a wonderful selection of dining options, bars, lounges and entertainment. Guests can unwind by the pool, enjoy a treatment at the spa, take in a live show or simply relax while sailing between destinations. With its comfortable accommodation and inviting atmosphere, the Norwegian Jade provides the perfect setting to combine professional development with the pleasures of cruising.

HOW TO DRESS ON A CRUISE SHIP

Most cruise lines offer a casual atmosphere onboard. Casual attire is the norm during the day, and there is no formal dress code at night. However, many passengers choose to change into something slightly less casual for dinner.

At least once per sailing, during which passengers are encouraged to dress up. While you rarely see tuxedos or evening gowns, suits and cocktail dresses are quite common.

Additionally, ships usually host several themed nights, such as White Parties, '70s, or '80s Night, Hawaiian or even Mexican during each sailing. It's a good idea to bring along a few themed items.

NB: Closer to your sail date you will be able to see what the exact theme nights are being held via your cruise companies app.
